LAMONT *bedroom*

The Lamont range is crafted from a combination of Oak and Oak veneers making it structurally sound.

Unique to TCH the manufacturing process actually starts with the slicing of the logs to kiln drying and then through the whole manufacturing process, all within the factories control.

Designed exclusively for TCH the Lamont signature is its soft curves and profiles which evoke a traditional French style yet the combination of the Oak and bright chrome plated hardware gives it a fresh look that suits both modern or country living.

The details such as the secret drawer behind the top profile gives this range a unique character and quality that has become the standard for TCH.
