Description

A simple yet considered design that offers practical modern living. The soft inviting curves form a pure and subtle range that will create a calming contemporary haven. Delicately lipped tops on the bedside and chests provide both practicality and eye catching appeal. Turned solid oak legs provide strength and structure to the range and add a bold contrast to the durable white paint finish. With its clean lines and considered details, Trua's elegant simplicity is what makes it stand out.

Key features

- Soft inviting curves
- Lipped tops on bed sides and chests
- Turned solid oak legs
- Felt lining in the dressing table drawer
